Subject: Microsoft Settlement

The US vs Microsoft settlement agreed to on Nov. 3 2001 by the Federal Goverment and a number of State Attorneys General is in the best interest of each and every local citizen that owns a computer and any other technology that uses Microsoft Software. Attorney General Miller of Iowa does not speak for us because our experience is that Microsoft serves us very well and at a reasonable price. We want Microsoft and all of the Technology Companies to be free to be creative inovate and develop according to their abilities. We want a free and open system.
